Art
is Eternal!

Ajmal Eternal was established in 2001 to cater to those who enjoy the finer things in life. The boutique at Emirates Towers Boulevard aims to provide art lovers in the region with exclusive perfumes rich in heritage together with unique works of art – hand crafted glass objects crafted in Murano outside Venice. Customers will be astounded by the collection of Murano artefacts offered, hand crafted by master artisans, created by blowing and then delicately crafting molten glass into an array of intricate designs. Some of the objects at the boutique are in fact single edition masterpieces, and have been created exclusively for Ajmal Eternal, thus ensuring distinctiveness and individuality of the selection.

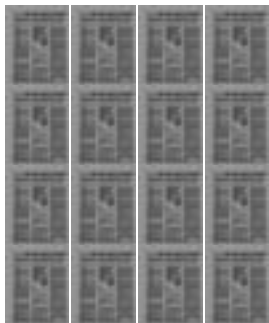

No matter how much time, energy, and money you put into decorating your home, at times it still seems as if there's something missing. Somehow, the room doesn't quite have the oomph that you want. Many beautifully decorated rooms do not make the visual impact they could if they had a proper focal point. You can create a focal point for a room by focusing on artwork, floral arrangements, paint color, or shelving. Ajmal Eternal helps you do just that!

Tips:

- Focus on your room's best qualities by choosing a focal point you enjoy.
- Decorate and 'frame' a focal point with curtains, and art.
- Remember to try choosing the 'first thing' you see, or the biggest item for a focal point.
